MEMORANDUM FOR: Deputy Director of Security (I & S)

ATTENTION : [redacted] Project Security Officer

SUBJECT : Request for Project Clearances on Mr. John S. Warner,  
Deputy General Counsel, and [redacted]  
Secretary, Office of the General Counsel

1. The General Counsel has requested that, in view of the increase in legal complexities surrounding Project business, that Mr. John S. Warner, his deputy, be granted clearance and a security briefing on Project AQUATONE. To this suggestion Mr. Bissell has assented.

2. I would like to add to Mr. Warner's name, that of [redacted] who is secretary to Messrs. Houston and Warner, in view of the fact that she has already participated to a certain extent in Project affairs, having received from Mr. Houston distasteful regarding Project matters. I suggest, however, that [redacted] be cleared and granted only a limited briefing on the Project, not as full as that for Mr. Warner.
